

The image shows an energy label for a Gorenje WHI949EXBG refrigerator. At the top left is the European Union flag. To its right is the word "ENERG" in large letters, with "енергия · ενεργεια" below it. Further right are two circular icons: one with "Y IJA" and another with "IE IA". Below this header, the brand name "gorenje" is written in a bold, lowercase font, followed by the model number "WHI949EXBG". The main part of the label features a vertical scale of energy efficiency classes from A+++ (green) at the top to D (red) at the bottom. A black arrow points to the "B" class. Below the scale, a white box contains the value "59.2 kWh/annum". At the bottom of the label, there are four icons in rounded rectangles: a fan (energy efficiency), a lightbulb (energy efficiency), water droplets (water efficiency), and a speaker (noise level). Each icon has a scale below it labeled "A B C D E F G". The noise level is specifically labeled as "63 db". In the bottom left corner, the text "65/2014" is visible. On the right side, there is a vertical number "735479".
